

Overview

Colorful Life

Deepcool N1 provides colorful choices for your life!

Black metalica has been the essential visual shock in Deepcools notebook coolers, while in this one, it also features a polished back. In addition, N1 expands your imagination through its 7-color family: red, orange, green, blue, purple, white and black. You can wave goodbye to traditional black/white world and enjoy more colorful life from now on.

Solid & Elegant

N1 has solid back to support your notebook and at the same time fully covered metal mesh to provide excellent cooling performance. At the first glance of 7-color metal mesh, you'll fall in love with this slim and beautiful cooler.

Material

N1 also represents high quality through baking finished metal mesh, ABS+PMMA highly durable eco plastic.

Two supporting angles for leisure and work

When put on the low angle, N1 still makes full use of the cold air and intakes enough airflow to cool down the notebook. And the second angle is much more ergonomic, which can help to have a healthy spine.

USB Cable Storage

You can easily store the USB cable around the fan on the back. This helps you avoid the cable mess thanks to the ingenious design.

Anti-slip

N1 has specially design anti-slip buckles and they are high in frictional factor. This provides enough friction to support your notebook and to ensure notebook using

Streamlined Body

On the front panel, the designer wants the cooler like a totally flat plain; but a streamlined back is another visual effect to help this cooler look more slim and intimate.

USB Pass-through

N1 has USB pass-through connector for additional USB device. It takes power from your notebook but doesn't occupy any USB port.

Fan Speed adjustable

18cm cooling fan with fan speed control button, big airflow & quiet operation.

Unfolding Position

Unfolding position enables you to get the USB cable out easily.

Application For

Compatible with 15.6" notebooks and below.

Technical Spec

Overall Dimension	Fan Dimension	Net Weight	Bearing Type
350X260X26mm	180X15mm	700g	Hydro Bearing
Rated Voltage	Operating Voltage	Started Voltage	Rated Current
