MASTERCASE H500M
MCM-H500M-IHNN-S00

MIND-BLOWING DESIGN

FEATURES

Mesh & Glass Options Included – Choose between the mesh front panel for optimized airflow or the glass option for a balance of aesthetics and performance with the included accessory.

Four Tempered Glass Panels – Edge-to-edge glass side panels on both sides, a glass top panel, and a glass front panel offer a clear and comprehensive system view.

Two 200mm Addressable RGB Fans & Controller – Move air stylishly and quietly with two addressable RGB Fans controlled by an included addressable RGB controller.

Rich Connectivity – The I/O panel comes with a USB 3.1 (Gen 2) Type-C port, and four additional USB 3.0 ports. The included addressable RGB controller manages the lighting of the system.

Covers For Clean Building – A total of 9 covers take clean building to the next level with a PSU cut out cover that provides the option of showing off your PSU or leaving it out of sight.

Show Off Your Graphics Card – Two additional PCI slots at the rear enable you to show off your graphics cards in the vertical position.

Adjustable GFX Support Arm – Relieve the stress of weight and reinforce larger, longer graphics cards with an included adjustable graphics card support arm.

200mm Radiator Support – The front panel is compatible with up to a 360mm radiator, including support for one 200mm sized radiator. The top bracket supports up to a 360mm radiator along with 200mm fans.

The MasterCase H500M, form and function you can raise your glass to. Four panels of tempered glass offer a comprehensive system view, complimented by two 200mm addressable RGB fans. Cycling of lighting color and mode is made possible by an addressable RGB controller.

Both the front mesh panel and glass accessory are included to offer a choice between maximum airflow and aesthetics. Each of the front panel options compliment the industrial design of the H500M in their own method.

The covers on the frame and PSU shroud offer extra customization while keeping builds clean from cables. The top panel is compatible with two optional 200mm fans accompanied by a 360mm radiator to ensure options for high performance cooling components.

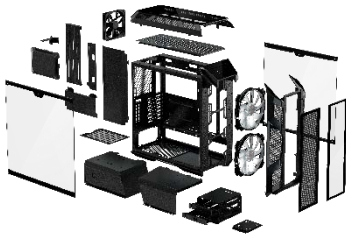

SPECIFICATIONS & PACKING INFORMATION

Product Name		MasterCase H500M
Product Number		MCM-H500M-IHNN-S00
Product Name		MasterCase H500M
Available Color		Iron Grey
Materials		Outlook: Steel Mesh, Glass Body: Steel Side panel: Tempered Glass
Dimensions (LxWxH)		544 x 248 x 546mm / 21.4 x 9.8 x 21.5inch
Motherboard Support		Mini-ITX, Micro-ATX, ATX, E-ATX (support up to 12" x 10.7")
Expansion Slots		7 + 2 (Support vertical graphics card installation)
Drive Bays	5.25"	0
	2.5"/3.5"	2
	2.5" SSD	6
I/O Port		USB 3.1 Type-C x 1 USB 3.0 Type-A x 4 Audio In & Out (supports HD Audio)
Pre-installed Fan(s)	Front	200mm ARGB Fan x 2 (Speed: 800RPM / Connector: 3Pin + ARGB 3pin)
	Rear	140mm fan x 1 (Speed: 1200RPM / Connector: 3Pin)
Fan Support	Top	120 fan x 3 or 140mm/200mm fan x 2
	Front	120/140mm fan x 3 or 200mm fan x 2
	Rear	120/140mm fan x 1
Liquid Cooling Support	Top	120mm, 140mm, 240mm, 280mm, 360mm (maximum thickness clearance 43mm)
	Front	120mm, 140mm, 200mm, 240mm, 280mm, 360mm (70mm clearance w/ radiator lid & M.port removed)
	Rear	120mm, 140mm
Clearances	CPU Cooler	190mm
	Graphics Card	412mm
	PSU	200mm
Power Supply Support		Bottom Mount, ATX PS2

Cont.	W/ Pallet	Carton/ Pallet	W/O Pallet
20'	144	18	189
40'	324	18	387
40 HQ	360	20	444

EAN code	4719512072165
UPC code	884102044663
Net weight	14.2kg
Gross weight	16.46kg
Carton dimension (L x W x H)	640 x 345 x 665mm

FEATURES

Four Tempered Glass Panels

Edge-to-edge glass side panels on both sides, a glass top panel, and a glass front panel offer a clear and comprehensive system view.

Mesh & Glass Options Included

Choose between the mesh front panel for optimized airflow or the glass option for a balance of aesthetics and performance with the included accessory.

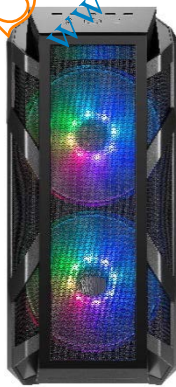

Rich Connectivity

The I/O panel comes with a USB 3.1 (Gen 2) Type-C port, and four additional USB 3.0 ports. The included ARGB controller can also be connected to the reset switch to manage the lighting of the system.

Covers For Clean Building

A total of 9 covers take clean building to the next level with a PSU cut out cover that provides the option of showing off your PSU or leaving it out of sight.

Two 200mm Addressable RGB Fans & Controller

Move air stylishly and quietly with two Addressable RGB Fans controlled by an included ARGB controller.

Adjustable GFX Support Arm & Water Pump Bracket

Reinforce larger, longer graphics cards with an included adjustable graphics card support arm. A dedicated water pump bracket offers mounting options directly atop the PSU shroud.
